

**NEW & USED OFFICE FURNITURE**

info@ergooutlet.uk | 01773 835600

# Welcome to Ergo Outlet, suppliers of high quality new and used office furniture.

Ergo Outlet offer a range of services that covers all aspects of office furniture installation, refurbishment, relocation and office clearances.

Our mini brochure is designed to give you the flavour of our services and product ranges. For current pricing please visit our website: [www.ergooutlet.co.uk](http://www.ergooutlet.co.uk)

We can provide new and used office furniture solutions to meet almost any requirement. There is no minimum order. We're happy to supply from a single item to a full office installation. We also provide a free room planning service so that you can fully visualise your office layout.

At Ergo Outlet, every project is individual. Whatever your requirements, you'll find we offer an outstanding service with exceptional results. We understand the difference your workplace can make to you, your customers, your employees and competitors. We would love to work with you on your next project!

Warm regards,

**The Ergo Outlet Team**

- NEW OFFICE FURNITURE
- USED OFFICE FURNITURE
- DELIVERY & INSTALLATION
- MIDLANDS SHOWROOM
- FREE ROOM PLANNING
- PRICE MATCH SERVICE

## Price Match

In order to provide the best UK prices, we carefully ensure that our discount prices are highly competitive. If you find a better price elsewhere for the same product, we will match the price.

## New Office Furniture

Ergo Outlet offer an extensive range of new office furniture. We have partnered with a large number of manufacturers so that we can provide a great selection of products at the best discount prices.

## Used Office Furniture

Our huge selection of quality used office furniture is a cost-effective alternative favoured by many of our customers. Our large stock enables us to fully furnish your project with recycled office furniture.

## Midlands Showroom

We would love to see you! Visitors can enjoy a free hot drink while they try out our fantastic range of ergonomic chairs and receive free advice on what features might best meet their personal needs.

## Delivery & Installation

Ergo Outlet offer a professional delivery and installation service, covering the whole of the UK. Our team of fitters have a wealth of experience and are safe contractor approved.

## Office Clearance

With Ergo Outlet you can dispose of your unwanted office furniture responsibly. We resell 98% of what we clear. The remaining 2% is recycled responsibly or stripped down for spares.

# Need a hand with your office layout?

Try our free office design service.

1.

## WE MEASURE

We send a member of our friendly team to measure up your office space and take a few photographs.

2.

## WE LISTEN

We get to know your design ideas and requirements and then discuss the product options with you.

3.

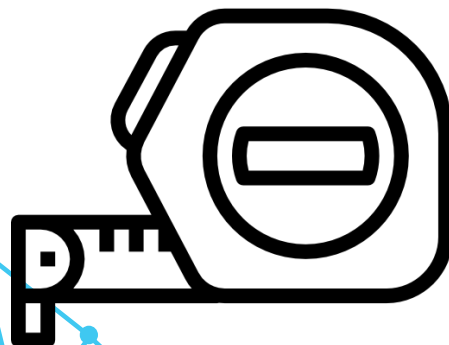

## WE DESIGN

We turn the sketches, ideas and requirements into detailed, 3D visuals of your new office.

Free VR project viewing.

Our free VR service is a great way to visualise your new office design. Sometimes, 3D visuals on paper can't quite capture the true feel of the office space. Using the latest in virtual reality technology, you can take a tour of your office plans and experience them as if you were actually there.

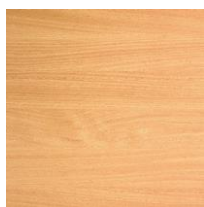

# Office Essentials

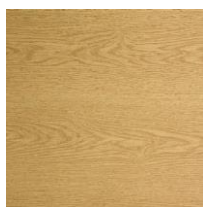

Our budget friendly essentials range combines a timeless and practical design with outstanding build quality and durability. An affordable furniture collection with plenty of scope for customisation.

- ✦ Manufactured in the UK.
- ✦ 10-year guarantee as standard.
- ✦ Quality 25mm MFC and steel construction.
- ✦ Bespoke sizes available.

# Operator Chairs

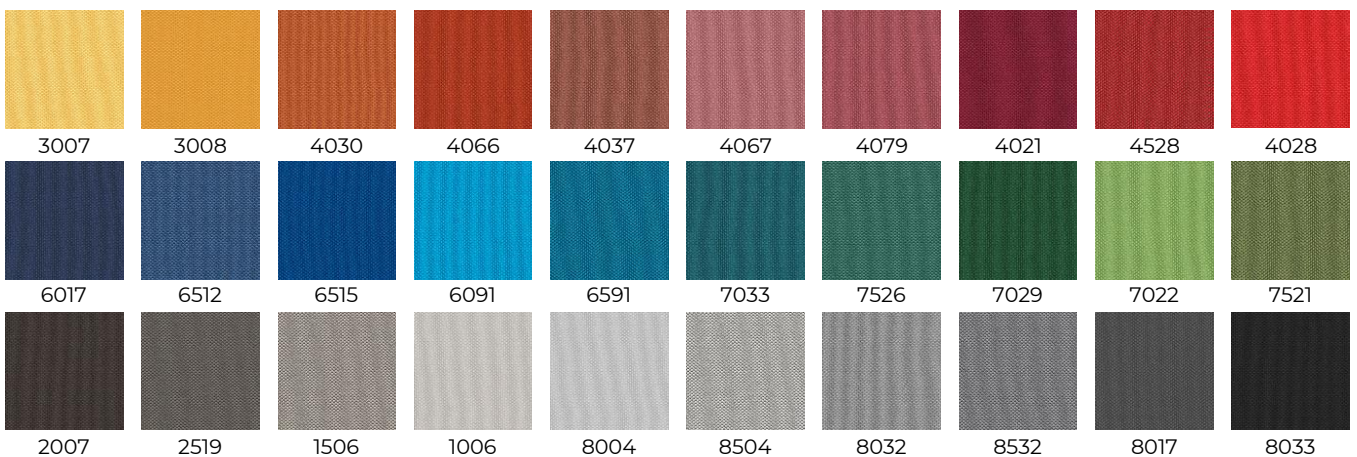

Operator chairs and task chairs have long been a staple of DSE equipment for office workers. Our high-quality contract chairs provide an ergonomic solution for all working environments. The range features a combination of sizes, back styles and mechanisms to meet all task and clerical requirements.

## Large choice of upholstery.

**ONE** | As featured on our website, the 'One' range of upholstery is produced entirely from recycled plastic bottles. The elegant, knitted construction and multi-directional stretch make it ideal for task seating.

### STANDARD FEATURES:

- ★ 5-year structural guarantee.
- ★ Gas height adjustment.
- ★ Back angle adjustment.
- ★ Height adjustable backrest.
- ★ Body weight tension control.
- ★ Heavy duty mechanism.
- ★ Waterfall seat.
- ★ Custom upholstery.

# Used Office Furniture

Take a look at some of our high quality, preloved office furniture. While benefiting from a wallet-friendly price tag, our second-hand office furniture is top quality and often of modern design in near new condition.

Why not help us reduce the amount of furniture going to landfill, and consider recycled office furniture for your next project?

# Height Adjustable

Invest in your workforce. Height adjustable desks and tables are proven to combat sedentary working habits. Our height adjustable desks encourage workers to be more active, improve posture and relieve back pain. Studies show they also reduce the risk of osteoporosis, heart disease, diabetes, hypertension and fatigue.

# Ergonomic Chairs

Preventative and corrective. Ergonomically designed, anatomically correct... Our stunning range of ergonomic chairs provides a solution to posture seating for petite, regular and larger users. A large selection of backrest mechanisms allow you to select the optimum fit for the size and shape of each specific user.

## STANDARD FEATURES:

- ★ 5-year structural guarantee.
- ★ Ratchet back height adjustment.
- ★ Seat slide with 50mm travel.
- ★ Inflatable lumbar support.
- ★ Body weight tension control.
- ★ Heavy duty mechanism.
- ★ Custom upholstery.
- ★ Ergo-density foam.

## Ergonomic features explained...

**Adjustable Headrest** | The addition of a height and angle adjustable headrest supports the user in reclined positions, relieving stress within the neck muscles.

**Coccyx Zone Cut-out** | A soft pocket located at the back of the cushion which provides a discrete solution to coccyx pain and provides pressure relief to the tail bone area.

**Inflatable Thoracic Support** | This increases the contact area of the upper spine by filling the space between the shoulder blades, helping to prevent slouching and reduce discomfort.

**Air Seat Cell** | A chamber of air below the seat surface offers a “reactive sit” whilst providing cushioning to the user, helping to improve core strength and reduce sciatic pain.

**IT150**

Medium double curved back.  
Independent 3 lever mechanism.  
Small seat.

**IT175**

Medium tri-curved posture back.  
Independent 3 lever mechanism.

2JCP

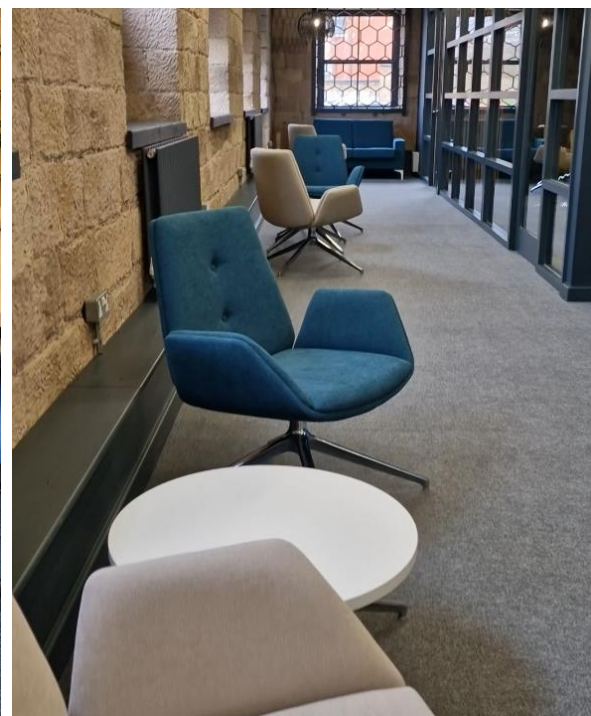

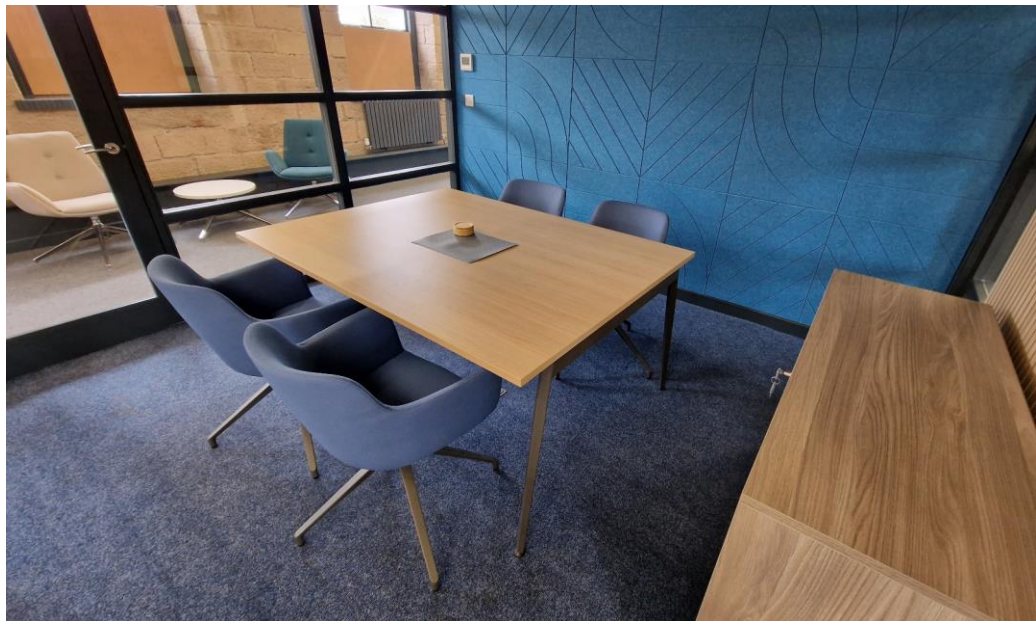

# Case Study | 2JCP

2JCP are a global supplier of complete solutions, in a wide range of industries with a focus on projects related to gas-fired power plants, hydrogen and CO<sub>2</sub> capture and storage, as well as process technologies in the food industry.

Here we achieved a restful workspace by using a mixture of warm tones in both the MFC and upholstery finishes. This was complemented by the minimalist style of the beautiful 'X3 range' by Quadrifoglio throughout the project.
